

Recommencement of NAB AFL Auskick/Superstars Programs

Clubs based NAB AFL Auskick centres can commence at Level 3 of AFL Queensland Return to Play Roadmap which is forecasting a July 10th timeline (depending on State Government approval). Centres would need to follow all Government protocols including gathering sizes of up to maximum of 100 people. Please note that parent volunteers/helpers and coaches must be included in group numbers as well as participants. We are still working with the Government to get clarity on number of groups per oval, and this will be communicated once we know.

We are still working through the format for Superstars in 2020 and this will be communicated shortly.

Over the coming weeks we will provide a framework and lesson plans for the recommence of both the Auskick/Superstar program.
