

The 2022 Gold Coast Suns Indigenous Guernsey was collaboratively designed by **Yugambeh artist Luther Cora** from the Gold Coast region, and **Larrakia Artist** from Darwin in the Northern Territory, **Trent Lee**.

**The Sun** is the centre piece and foundation of the football club's journey. It represents the meeting place for everyone which embraces people from all cultures and background.

**The Eagle** represents the Gold Coast and is a totem to some of the Traditional custodians from the Yugambeh language group.

**The Crocodile** represents the Larrakia people and other parts of the Northern Territory which has a significant cultural connection to our Indigenous players at the Suns.
